CHILD PROTECTION POLICY IN CONNECTION WITH THE PROJECT EUROPEAN REMEMBRANCE 2023

All actions regarding child safeguarding must be taken in the best interest of children. This includes understanding that in all our programs and activities, we must ensure that we respect children's rights and do not cause harm.

Everybody has a responsibility for safeguarding. This policy is mandatory for all those who work for or on behalf of Istituto Storia Contemporanea di Ferrara, including staff, volunteers, and partners. Although training, advice, and support will be provided.

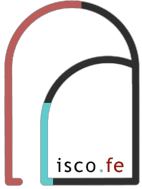

We work in a transparent and open way where child safeguarding is made a priority, recognizing that situations of abuse and harm are able to flourish when staff, volunteers, partners, children, families, and community members do not feel able to raise their concerns.

OBJECTIVES

To ensure that all Managers, Employees, Associates and Representatives, as well as staff and representatives of partner organizations, are aware of all aspects of child protection and the procedures for prevention, disclosure, reporting, and responding to abuses.

To prevent and address cases of abuse and violence within the context of any actions directly implemented or supported by Istituto Storia Contemporanea di Ferrara.

To guarantee the establishment of fair, secure, and transparent reporting channels in all programs, ensuring stakeholders' right to be heard.
